33rd Nursing
Conference
on Selected Topics in
Vascular Disease

Friday, November 8th, 2019
Chicago, Illinois

The 33rd Nursing Conference on Selected Topics in Vascular Disease is being jointly presented by the Bluhm Cardiovascular Institute and the NM Academy.

The Bluhm Cardiovascular Institute of Northwestern Medicine provides seamless care for cardiovascular conditions from evaluation through follow-up. Through patient care, education and research initiatives, the world-class heart and vascular program offers comprehensive services providing the latest in medical management and state-of-the-art surgical treatments. The Center for Vascular Disease, one of six specialized centers within the Bluhm Cardiovascular Institute, provides a unique multidisciplinary approach to the diagnosis, treatment and screening of patients with vascular disease.

When and Where

The 33rd Nursing Conference on Selected Topics in Vascular Disease will be held on Friday, November 8, 2019, in Northwestern Memorial Hospital's Feinberg Pavilion at 251 E. Huron St., Chicago, IL. The conference will be located on the third floor in Conference Room A.

Objectives

The purpose of this nursing conference is to discuss topics, case studies and management related to the care of vascular patients. This conference will provide participants with the opportunity to:

- Apply nursing management concepts for the patients with vascular disease
- Describe the current treatment options for several vascular conditions
- Discuss various peri-operative management strategies for patients with vascular disease

Criteria for Completion

Successful completion of this learning activity includes attending the entire day's program, signing the roster prior to the beginning of the program, and completing the online program evaluation by December 11, 2019.

Accreditation

Northwestern Medicine is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Nursing contact hours are pending.
